

GREEN COLLAR Training Program

How to “Go Green” using ISO 14000

Who should attend?

Whether you work in a manufacturing facility, a bank a school or a government office, this seminar will give you the tools to help your organization do its part to protect our planet and save money in the process. Come get a head-start by learning the fundamentals necessary for being part of the growing “Green Collar” Workforce.

Main Topics:

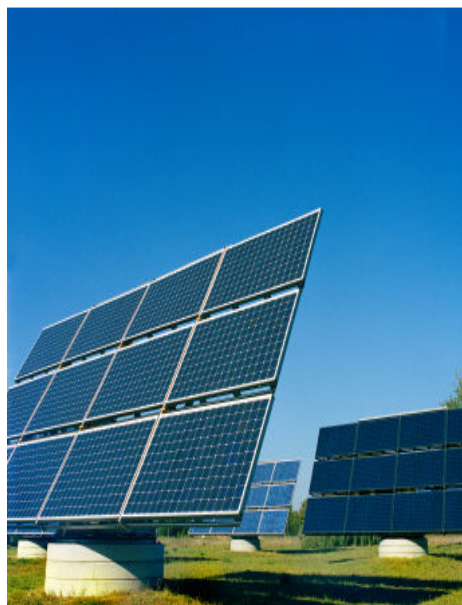

- Introduction to the ISO 14000 Series
- What’s a “Green Collar” job?
- What’s a Carbon Footprint?
- Renewable Energy Overview (Solar Energy, Wind Energy, BioFuels, etc)
- Environmental Management Principles
- Understanding Environmental Aspects and Environmental Impacts
- Understanding the ISO 14001 requirements
- How to use ISO 14001 to facilitate “Going Green”

Schedule: Friday from 9:00 AM to 5:00 PM **Fee:** US\$ 295 per person

This one-day seminar is also available on an “In-House” basis. Please contact us for a quotation.
